

**Cloud Provider of the Year**  
**Managed Services Provider of the Year**  
**IT Security Provider of the Year**

**EBRC heaped up 3 awards at Luxembourg ICT Awards by IT One!**

---

Luxembourg, 7<sup>th</sup> December 2016

On the 1<sup>st</sup> of December, ICT companies were awarded for their 2016 solutions by the Jury of the Luxembourg ICT Awards Gala 2016 which counted the Prime Minister Mister Xavier Bettel amongst its 1.000 guests.

EBRC is proud to confirm the adage... Good things come in threes!

**Cloud Provider of the Year 2016: EBRC TrustedCloudEurope is the solution that made possible the launch of multiple disruptive services, especially in the FinTech sector.**

With this award, the Jury recognises EBRC as a valuable business enabler in the FinTech sector. EBRC TrustedCloudEurope offer allows FinTech companies to provide solutions of financial transactions management to more than 1.000 e-payment players. Reducing timeframes and complying with strict regulations, EBRC Cloud solution promotes a vital industry in Luxembourg to ensure a prominent place for the country on the playing field of digital economy.

**Managed Services Provider of the Year 2016: EBRC TrustedManagedServices presents its “RedCode” Mission, to set up and operate the IT systems of a bank for 20 million users in less than 10 months.**

Warmed up in 2015, EBRC accepted and succeeded through its TrustedManagedServices solution. By offering flexibility, security and data protection, it preserves the continuity of the Clients’ core business. The cherry on top? The architecture ensures 24/7 high availability.

**IT Security Services Provider of the Year 2016: “Security as transformation facilitator”.**  
**The balance between flexibility and security is under control. With POST & EBRC, the Best IT Security Provider of the Year award is in good hands!**

EBRC and POST claim “Act now, tomorrow will be too late...” A few years back, the watchword was IT optimisation. But today, the main concern is the Digital Transformation where data is THE corner stone. EBRC and POST have made their revolution to the protection of SI, security of sensitive information, to give a sustainable, innovative and credible answer to the market with a client centric culture.
